

## An Informative Full-day Seminar:

# Part 21 - Powered Industrial Trucks: “What Every Trainer and Operator Must Know”

## 1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

## 2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## 3 What You'll Learn . . .

This course covers the training and operating requirements for powered industrial trucks in general industry workplaces. Safety topics include: training program implementation; operator selection, training, testing, and permitting; inspection procedures; safe work practices; retention of training and maintenance records; and identification of types of powered industrial trucks. Occupational health topics include information on carbon monoxide, ventilation controls, personal protective equipment, and emergency eye flush and shower facilities. Resources and sample documents will be provided to assist attendees with implementing a powered industrial truck program in their workplace. This training session will also provide an overview of common exercises used for field evaluations.

## Agenda

*We offer a flexible program agenda to emphasize the health and safety topics you want most.*

- ▶ Define Employer Responsibilities
- ▶ Identify Occupational Health Hazards
- ▶ Discuss Employee Responsibilities

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

# Facilitator

John Bodnar comes to the CET Division from MIOSHA's General Industry Enforcement Division where he covered Michigan's Upper Peninsula as a Senior Safety Officer. John has a background of over 25 years in Occupational Safety, Health, and Emergency Services and Operations.

Prior to working for MIOSHA, John worked in the private sector as a consultant and trainer to the Natural Gas and Oil Industry. Among many disciplines, his background includes certifications and experiences as an EMT- paramedic, hazardous materials response team - team medic and trainer, confined space technical rescue and response - team medic and trainer. John has been certified as a mine safety and health administration trainer, breath alcohol technician, traffic accident and criminal investigator, OSHA 10 and 30-Hour authorized trainer for General Industry and Construction, and occupational hearing conservationist. John continues to serve the employers and employees of Michigan's Upper Peninsula as a MIOSHA Consultant.

Presenters: John Bodnar, Senior Occupational Safety Consultant and Robert Atkins, Occupational Safety Consultant; MIOSHA, CET Division
